RE: HAACP

To Whom it is Concerned,

Big "B" Distributors, Inc. has been under Hazard Analysis Critical Control Points since 1999. The United States Department of Agriculture Food Safety and Inspection Service monitors our HAACP plan daily. Our plan is completely evaluated on a yearly basis and can be updated at any point if the need arises. Our program has been validated by our own Quality Assurance Department.

Our plant is inspected by the U.S.D.A. (Establishment 1717) and the F.D.A. (Registration number 19362137606). We have two shifts of inspection daily from 6 am until 11 pm.

If you need any other information, please feel free to reach out.

Sincerely,

Richard Bonenberger
Vice President
