

Regarding food permits for Bibby's Bakes

Hi there! So we do work out of this commercial kitchen:

<https://www.memphiskitchenco-op.com/#/>

We are in their marketplace, which is only for kitchen members, you can see here: <https://www.memphiskitchenco-op.com/marketplace.html#/>

I have also uploaded my FLIP insurance with them listed as an insured. I'm not sure what other proof to offer, I could contact the kitchen and have them sign a letter or something, but this is where we make all of our food. Let me know if that works.
