OPERATOR - The violations in operating procedure or physical arrangement indicated below must be corrected by the next routine inspection or by a date specified in this report.

Comments:

This is a licensing inspection for a new facility utilizing Chef Pam's.

Menu: Cookies, breads, cupcakes. Items

Sells at farmers markets, and other markets that require operator to be licensed..

The license is approved for release on today's date, 11/1/24. This inspection form will serve as the license until the license is received in the mail.

The Waukesha County Code of Ordinances requires the assessment of a "partial inspection fee" for re-inspections to ensure that priority, critical, or recurring violations noted during a routine, complaint, or re-inspection have been corrected. Each "partial inspection" will be assessed a fee equal to 1/4 the annual license fee. Charging fees for partial inspections provides more program equity in assessing the costs of these inspections to those establishments receiving the service.

Any operator aggrieved by an order of this department under this chapter may request a hearing as provided in ch.227 statute, if state licensed, or a local ordinance if licensed by an agent health department.
